

Oil Treatment

PN X102 (8oz)

XLR8™
ACCELERATE PERFORMANCE

Product Description:

XLR8 Oil Treatment is a premium product made from special additives and synthetic base oils. This product is compatible with all synthetic, semi-synthetic and mineral based engine oils.

Advantages & Uses:

- XLR8 Oil Treatment is designed to improve the performance of your existing engine oil. Product will work in new vehicles as well as older vehicles.
- Add an 8 oz bottle of Oil Treatment at the time of an oil change, by replacing 8 oz of the motor oil being added.

Features:

- Reduces engine friction and wear
- Extends life of oil
- Improves oxidation and thermal stability
- Helps keep engine clean
- Helps maintain fuel economy
