

Engine Stop Leak

PN X103 (8oz)

XLR8™
ACCELERATE PERFORMANCE

Product Description:

XLR8 Engine Stop Leak is a premium product made from unique additives and base oils. This product is designed to stop leaks in engines.

Advantages & Uses:

- XLR8 Engine Stop Leak is designed to improve the performance of your existing engine oil.
- Product specifically formulated for older vehicles with worn and degraded seals (valve, pan gasket, etc.).
- Add an 8 oz bottle of Engine Stop Leak at any time that your engine oil needs top off. For best results, use whole bottle at one time. Do not exceed one treatment per oil change.

Features:

- Clear to amber liquid
- Easy pour in application
- Contains no alcohol or water
- Will not degrade any mechanical parts
- Will not leave residue or contaminants in crankcase
